

# YUBA 70 SAFETY PROJECT

## PURPOSE

The purpose of this project is to provide safety improvements to reduce collisions and serious injuries along State Route (SR) 70 in Yuba County, north of Marysville, between Post Miles (PM) 16.4 (0.2 miles north of the Laurellen/SR 70 intersection) and PM 25.8 (0.1 miles south of the Butte County line).

## NEED

The project is needed based on a Traffic Accident Surveillance and Analysis System (TASAS) report for the 3-year period between August 6, 2010 through August 6, 2013, this segment of SR 70 had 85 reported collisions, including 7 (which is above the statewide fatal average) fatalities and 35 reported as injury accidents. This project proposes to improve safety for the traveling public within the project limits.
